

RESERVATION POLICY

at The Granite YMCA

MAKING A RESERVATION TO ENJOY THE Y

As branch offerings and capacity have continued to expand, we have more availability to serve our members and have updated our reservation protocol for select wellness activities to make it more convenient for our members. Reservations are now:

- **RECOMMENDED*** for the wellness center and group exercise classes
- **REQUIRED** for open swim, lap swim and water exercise classes

*Access to the facility is still available only during specific time blocks, which you can find on our [website](#).

Please remember, members who have a reservation will continue to have precedence. We are still under capacity restrictions and once capacity has reached, no more walk-ins can be accepted, and you may be turned away.

We hope this change allows you greater freedom to enjoy the Y, and we look forward to seeing you soon!
