VIRTUAL LEARNING + ENRICHMENT PROGRAMS

The Discovery Academy of the Y is a daily program for students to conduct their remote learning as assigned by their schools with academic support from YMCA staff. It’s a supportive alternative to at-home online learning where essential health and safety guidelines are rigorously practiced.

Enrichment opportunities include daily physical fitness and weekly arts education, global learning, STEM, swimming and Character Development. We also offer wellness and nutrition education, bi-monthly college and career exposure and quarterly youth lead service learning projects.

START PROGRAM DETAILS + RATES

• START Program will run September 21, 2020 - June 18, 2021
• Available to Beech Street and Henry Wilson Elementary School students
• Students should bring their laptop/chromebook and charger, headphones, face mask, water bottle and cold lunch.

We are proud to offer affordable care through this grant funded program. Daily cost without grant funding is $41. To determine your program co-pay, please complete an income verification form and return it to the director.
